

## Parent Governor Election May 2024

Applicant's Name: Sunday Aladetoyinbo

### Personal Statement

I am a qualified solicitor by profession since 2018. I feel that my professional skills, combined with my passion for making a difference to the lives of children such as mine would make me an excellent choice for the role of Parent Governor.

My first daughter (Demilade) started in Village Infants at Reception and she is now in primary 4 at William Ford C of E Junior School. My second daughter and son (Shindara and Damilare) are in Village Infant in Reception and Nursery respectively. No doubt, the staff of Village Infants are experienced teachers with the ability to nurture children's behaviours, improve attitudes and life skills, giving a holistic approach to education. My children have made tremendous progress at Village Infants and they enjoy the variety of activities it offers.

I have been incredibly impressed with the care my children received and the progress they have been able to make. I am therefore extremely keen to give something back to the school who have given so much to my children, hence my application to be a Parent Governor. My main priority among others, would be to ensure our children have a safe and secure environment to learn in and those they are going to thrive in the setting of the Village Infants and have the opportunity to reach their full potential.

My children's future is of the utmost importance to me and these are my priorities. I would therefore be delighted to be given the opportunity in also making a difference in the education of not just my children but to the school as a whole. I have a great deal I can offer and want to continue to make a difference in children's lives in an educational setting and be active in the school community.

By and large, I fully understand the importance of the role of a Parent Governor and can confirm I am able and willing to give of my time and commit to help the school build on its current successes including Ofsted's current rating of Village Infants as a good school.

Lastly, as a Parent Governor, I would like to learn more about the Village Infants' approaches, the challenges, provide feedback with curriculum development and evaluation when required, and help improve its perception among the local community.
