# Schools Leave of Absence Policy

School Name	
Date of Adoption:	
Chair of Governors Signature:	
Head Teacher Signature:	

The Schools HR Advisory Service will automatically update this Policy/Procedure to comply with any changes to legislation or ACAS guidance, to make corrections or increase the understanding and notify schools of the amendments.

**This Policy should not be amended by a School, with the exception of entering details above. Any changes will invalidate the policy.**

These leave arrangements are recommended to Governing Bodies for adoption.

Please note that Governing bodies have the option to consider exercising the discretion to provide additional entitlements.

Any review or changes to existing School Policies and/or practice need to be the subject of consultation with staff and the recognised Trade Unions with the aim of seeking agreement.

This is the updated entitlement to leave of absence arrangements in Barking and Dagenham Schools, consulted locally with the recognised Trade Unions, Professional Associations and the Local Authority. It is intended to indicate minimum reasonable arrangements and highlight statutory entitlements. The guidance recognises the position of staff in schools whose contracts do not allow them to take annual leave in term time.

Managers may approve up to a total of 3 days or 21 hours absence\* (pro-rata for part-time employees) in any rolling 12-month period (except where stated in the table below).

Please note that this is the maximum combined entitlement for any employee, not a separate entitlement for each category.

Please see the following as an example: an employee requests 1 day for emergency time off for dependents, 1 day for leave to accompany a partner to the hospital and 1 day for a funeral of a relative (where they are not making the arrangements). This is the maximum they can have in a rolling 12-month period; however, they could also have for instance an additional up to 5 days paid time off for medical appointments.

Any requests for absence in excess of the above e.g., to deal with the bereavement of more than one close family member during the rolling 12-month period, must be agreed by the Head Teacher/Governing body who will take into consideration:

- How much time is needed
- Any precedents within the service
- The effect on service delivery and work colleagues
- The employee's overall attendance record

Community and Voluntary-Controlled Schools using Human Resource providers other than the Local Authority recognised service provision must ensure that the Local Authority is notified in line with this Policy. Said provider must adhere to the agreed Policy, when providing support.

**Where a School does not buy into the Schools HR Advisory Service (LBBB) charges are likely to apply.**
